

Admission Form

The Mission of our Admission Department is to work to admit to Carmel Manor those residents to whom we can provide adequate and appropriate care. When a resident is admitted to Carmel Manor, we are committed to providing Quality Care to that resident for the rest of their life.

The Admission Department strives during the admission process, to make the transition for the resident and their family as pleasant and comfortable as possible. This is done in part, by explaining the facility's philosophy, admissions procedures and other facility policies and procedures.

Conversations and interviews are done with the family / responsible party and the prospective resident to gather information and to answer questions. Admissions also refers the new resident and family to the appropriate department to handle any concerns.

- Carmel Manor is Medicare and Medicaid approved.
- Carmel Manor offers Personal Care and Nursing Facility Services.
- Applications are individually reviewed to determine the appropriate level of care.

Feel Free to contact our Admission Director at 859-781-5111. You may also email her at sralice@carmelmanor.org to have any questions answered, or to schedule a tour of Carmel Manor.
