August 2021

Dear Family and Friends,

There is a lot happening at Carmel Manor!

We had a change in our Business Office. Jason Dew resigned after many years of dedicated service to Carmel Manor. We wish him the best. Welcome our new Business Office Manager, Taylor Thompson. Taylor joined us at the end of July. Taylor has experience as a Business Office Manager, but this is her first time in a Senior Care setting. She can be reached at extension 233.

We welcome Chelsea Cornwell, RN as our new Nurse Manager. She will be working with Beth Riddle, RN our new DON. We are excited to have Chelsea join us on the Nursing Leadership Team.

I will be leaving Carmel Manor as of August 12<sup>th</sup>. I am grateful for my time with the Carmelite Sisters and will continue to pray for the success of their ministry.

The COVID positivity rate is increasing, we will be watching the numbers and adjusting our resident and staff testing requirements. We are hoping that we don't have to limit visitation so... Please...

Wear your mask, wash your hands, keep your distance! Stay healthy!

Best Wishes,

Denise Corrou

# PLEASE PROTECT YOURSELF AND COWORKERS FROM COVID-19

Public Health  
Seattle & King County 

Stay home if you have any of these symptoms:

fever **OR** shortness of breath **OR** cough Other symptoms:

- chills
- muscle pain
- sore throat
- loss of taste or smell

Wash your hands often for 20 seconds.

This is about as long as singing the "Happy Birthday Song" twice.

DO wear a face covering safely.

Tighten the loops or ties so it's snug around your face, without gaps.

Mask should cover from just under the bridge of your nose to under your chin.

- ✓ Always wash your hands before and after wearing a mask.
- ✓ Use the ties or loops to put your mask on and pull it off.
- ✓ Don't touch the front of the mask, especially when you take it off.
- ✓ Put on and remove your mask while inside your home. Public transportation, elevators and stairwells can be high-contamination areas.
- ✓ Wash and dry your cloth mask daily and keep it in a clean, dry place.
- ✓ Remember that masks offer only limited protection and work best in combination with hand washing and physical distancing.

**DON'T:**  
Wear the mask below your nose.

**DON'T:**  
Leave your chin exposed.

**DON'T:**  
Wear your mask loosely with gaps on the sides.

**DON'T:**  
Wear your mask so it covers just the tip of your nose.

**DON'T:**  
Push your mask under your chin to rest on your neck.

## Palliative Care and Dementia Care.

In providing Palliative Care we also include Dementia Care and helping family members and staff understand more about dementia and how to communicate.

First, is the question of What is Dementia:

- It is a set of symptoms affecting intellectual abilities including memory, language, judgement and reasoning.
- Symptoms are severe enough to interfere with a person's ability to manage daily functions such as managing finances, household duties, work or leisure activities, etc.
- Alzheimer's disease is the most common cause of dementia, but other diseases can cause dementia (such as Parkinson's Disease, Stroke, Vascular Disease).

From a Palliative Care point of view, communication technique is important in dealing with someone with Dementia. It is important to remember that we are still talking to an adult, someone who is experiencing a change in ability to understand their surroundings and needs.

Secondly, what approach helps in communicating with someone with Dementia:

- Approach from the front and introduce yourself (even when you may be well known to the person)
- Take things slow – try not to rush.
- Ask simple questions – make simple statements.
- Limit "reality" checks
  - It is difficult to reorient someone with dementia – their perception is different than yours
  - Enter "their world", it ok to talk about the person that or thing that they think is next to them. They may think you are a family member, it's ok.
- Keep eye contact, and a friendly expression. Those with dementia are still able to read body language actually better than what is being said.
- Use a calm soothing voice, but do not talk "down" to the person.
- Reduce distractions when possible.

We are always willing to talk with family members and staff to answer questions they may have about Palliative Care and/or Dementia. We thank you for entrusting the care of your loved one to Carmel Manor.
