May 2021

Dear Family and Friends,

Hello from Carmel Manor!

We are happy that Spring has arrived. The campus is beautiful at this time of year.

We are so happy to have our families back in our home. Seeing the smiles on our residents' faces has been very heart warming. We are making plans so that we can accommodate everyone who wants to visit on Mother's Day weekend. More information will be forthcoming.

We continue to follow the guidelines from the CDC, CMS and the state of Kentucky. We know that many people are suffering from "pandemic fatigue" but it is important that we stay vigilant. Please continue to wear your mask and wash and sanitize your hands frequently.

We look forward to seeing you soon!

Sincerely,

Denise Corrou
Administrator

VISITORS POLICY

We hope you are enjoying the beautiful Spring weather and I hope you are getting the chance to come to Carmel Manor and visit your loved one. I would like to take this opportunity to remind all our visitors of our current visit guidelines. While I know that many of us are suffering from “pandemic fatigue,” it is still very important that we stay the course. These guidelines are in place so that we can keep our residents, staff and visitors safe.

Visits are scheduled for 40 minutes so that we can accommodate as many visits as possible. Please watch the time. We depend on you to help with this.

When you are walking to the visit location, please try to remain at least 6 feet from other residents.

Each visit can accommodate 2 people per resident. At this point, we ask that visitors be at least 14 years of age.

You must wear a mask, that we will provide, during the entire duration of the visit. We will provide brown paper bags for you to put your own mask in, then please take one of our masks to use for your visit.

If you visit during mealtime the resident may enjoy their meal but visitors must keep their mask on so unfortunately visitors are not able to eat with the resident.

Our staff will accompany you to the visit location but will not stay with you during the visit.

Visitors must stay in the visit location until it is time to leave and then must directly exit the unit. Please do not wander out into the halls. If you need something for your loved one, please use the call light or wait by the door until you get the attention of our staff.

Many of our staff feel uncomfortable asking you to end your visit. Please help them by watching the time and exiting the unit after your 40-minute visit.

Please sanitize your hands as you leave the unit.

The guidelines that we have put into place are an attempt to keep all our residents safe and healthy. Please delay your visit if you are having symptoms of any contagious disease or if you have been exposed to someone who tested positive for COVID in the last 14 days.

Thanks for your cooperation and for helping to keep our residents safe and healthy!

PLEASE PROTECT YOURSELF AND COWORKERS FROM COVID-19

Public Health
Seattle & King County 

Stay home if you have any of these symptoms:

Wash your hands often for 20 seconds.

DO wear a face covering safely.

Tighten the loops or ties so it's snug around your face, without gaps.

Mask should cover from just under the bridge of your nose to under your chin.

- ✓ Always wash your hands before and after wearing a mask.
- ✓ Use the ties or loops to put your mask on and pull it off.
- ✓ Don't touch the front of the mask, especially when you take it off.
- ✓ Put on and remove your mask while inside your home. Public transportation, elevators and stairwells can be high-contamination areas.
- ✓ Wash and dry your cloth mask daily and keep it in a clean, dry place.
- ✓ Remember that masks offer only limited protection and work best in combination with hand washing and physical distancing.

DON'T:
Wear the mask below your nose.

DON'T:
Leave your chin exposed.

DON'T:
Wear your mask loosely with gaps on the sides.

DON'T:
Wear your mask so it covers just the tip of your nose.

DON'T:
Push your mask under your chin to rest on your neck.

Protect yourself from COVID-19 and stop the spread of germs.

Simple steps help stop the spread of COVID-19 and other viruses:

Wash your hands often with soap and water **for at least 20 seconds**, especially before eating.

Avoid close contact with people who are sick.

Avoid touching your eyes, nose, and mouth.

Stay home when you are sick.

Cover your cough or sneeze with a tissue, then throw the tissue in the trash.

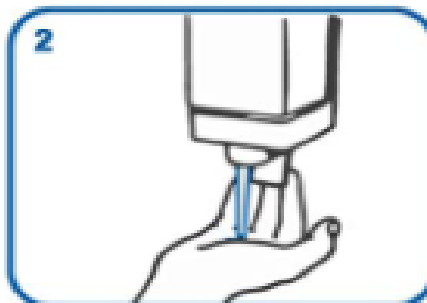

Clean and disinfect frequently touched objects and surfaces.

Stay up to date by visiting
www.ny.gov/coronavirus

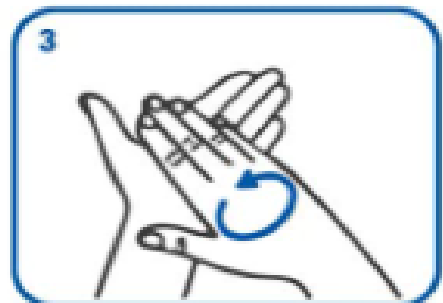

Hand-washing technique with soap and water

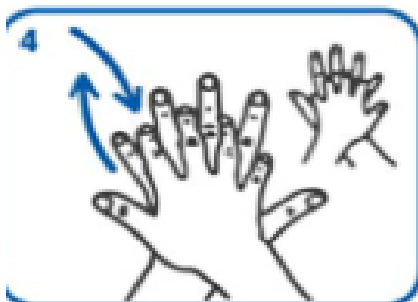

Wet hands with water

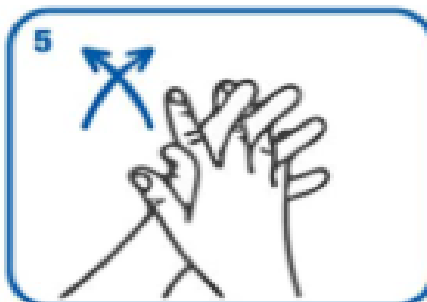

Apply enough soap to cover all hand surface

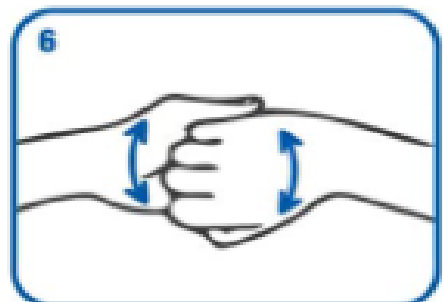

Rub hands palm to palm

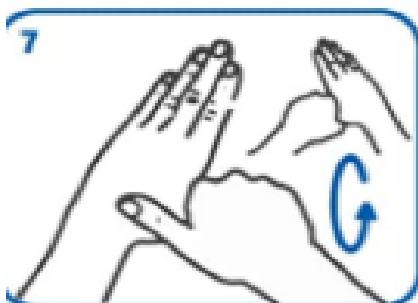

Rub back of each hand with palm of other hand with fingers interlaced

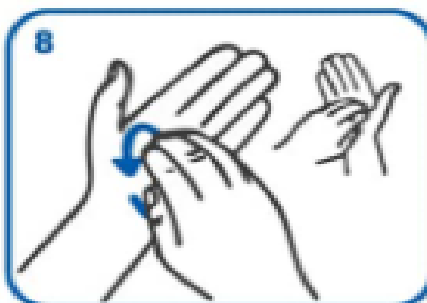

Rub palm to palm with fingers interlaced

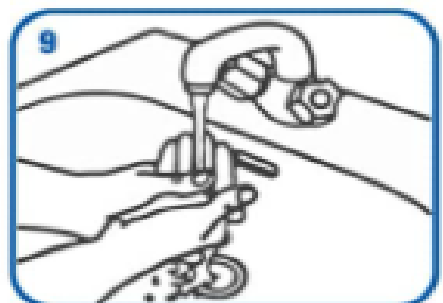

Rub with back of fingers to opposing palms with fingers interlaced

Rub each thumb clasped in opposite hand using a rotational movement

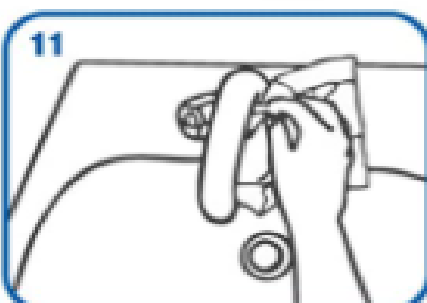

Rub tips of fingers in opposite palm in a circular motion

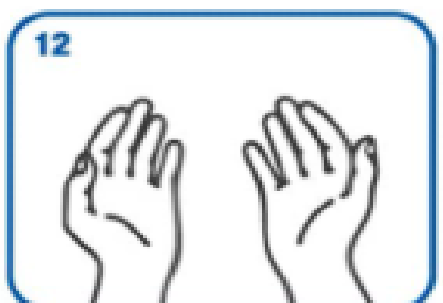

Rinse hands with water

Dry thoroughly with a single-use towel

Use towel to turn off faucet

Hand washing should take 15-30 seconds

The Difference is Love

This month we are introducing information about Palliative Care and what it means at Carmel Manor.

For Carmel Manor, based on the Carmelite Sisters for the Aged and Infirm Mission and Philosophy, Palliative Care begins for our residents at admission. Palliative Care is not dependent on prognosis and is provided throughout each resident's stay, in nursing or rehabilitative care.

The goal of palliative care is to bring comfort and support to all those who are admitted to Carmel Manor. Every person admitted is assessed in the different areas of pain. Care is provided through the prevention, assessment and treatment of physical, emotional, familial and spiritual pains. The intensity of palliative care increases as the disease process progresses with the emphasis on one aspect of care or another changing as the resident needs dictate.

There can be some confusion about Palliative Care and Hospice Care. All hospice care is palliative but all palliative care is not hospice care. This is a matter of timing and End-of-Life or Hospice care is to relieve pain and ease suffering provided to those who are clearly dying. Palliative Care can be combined with curative care or with less aggressive care.

In coming months we will provide additional information on Palliative Care and Dementia Care. We hope that you will find these articles helpful and reassuring of Carmel Manor's "Mission to Care". If you have any questions please feel free to contact our Social Services Department at 859-781-5111 ext. 214 or email Merrie Hagemann at mhagemann@carmelmanor.org.

Thank you for entrusting care of your loved ones to Carmel Manor and our staff
